AMENDMENTS

Marked up version of the claims:

1. (Currently Amended) A method of providing message notification for a user ~~in an instant messaging system~~ comprising the steps of:
- a. coupling a message notification application to a server, wherein the server stores messages for the user;
- [a.] b. registering a the message notification application to at least one instant messaging service;
- c. accessing one of the at least one instant messaging service by the user;
- [b.] d. signing a the user onto the message notification application by adding the user to a buddy list of the message notification application thereby associating the user to the one instant messaging service which the user is currently accessing; and
